

One Tough Animal.

OEM ACCESSORIES

Bobcat® zero-turn mowers are versatile machines, packed with features that allow you to get more done quicker than ever before. But, sometimes you need your machine to adapt to different conditions so you can tackle job after job. Making your machine more suitable for the unique jobs you face, Bobcat accessories help increase your productivity while getting better results – no matter the job.

BOSS-VAC Pro Collection System (8 & 12-Bushel)

Large, high-powered blower fans and clog-reducing components suck up cuttings and leave lawns looking fresh and clean.

- Easily and quickly attach or disconnect
- Dump debris with easy-to-dump bags
- Available in 12-bushel and 8-bushel capacities

Grass Catcher: Poly-Dump (3.75 & 5-Bushel)

Achieve a beautiful lawn without bending over by collecting grass clippings rather than leaving them behind.

- Available in 3.75 and 5-Bushel capacity options

Mulch Baffle Kit

Durable, steel-constructed kit that helps create a perfectly manicured lawn by returning organic material to the lawn by processing grass into very small pieces as efficiently as possible.

- Quality steel construction

BRING TOUGH TO TURF

Weight Kit

Add weight to the front of your mower when you need it most.

- Front-mounted
- Distribute weight for stability

Light Kit, Footplate

Light up the ground in front of the mower for maximum visibility during early mornings or late nights.

- Easy installation

Deck Striping Kit

A belting material sandwiched between steel behind the deck presses down grass to create a must-have look for your lawn.

- Easy installation and disconnect
- Mounts to rear of deck

Magnetic Light Kit, 12V

Designed for magnetic mounting to the front of a mower, work from dusk to dawn with improved visibility.

- Easily connects to 12V connection on mower

ROPS Canopy Kit

Providing both comfort and protection, never let the elements stop you from getting a job done.

- UV stable ABS black polymer body that's reliable and durable
- Rear and forward mounting positions, with tilt
- Easy and quick installation

ECO Plate

Easily attached without tools, a simple mulching solution that's excellent for debris control around landscape beds and along sidewalks and roads.

- Easy installation without tools
- Simple way to deal with debris

ROPS Kit

Stay safe with professional, commercial-grade rollover protection.

- Attaches to mower's main frame

Seat Suspension Kit

Mow all day long in comfort with reduced vibration in bumpy, uneven terrain.

- Easy installation

Rubber No-Flat Caster Wheel Options

Tackle smooth and rough terrain without going flat (even if punctured).

ZT Hitch Kit

Get more work done by easily towing spreaders, trailers and other pull-behind attachments.
