Bobcat®

PROTECTION PLUS®

RELY ON YOUR PROTECTION PLUS EXTENDED WARRANTY.

Your compact equipment is essential to your business. It completes difficult tasks. It keeps your schedule moving. And most importantly, it generates income. A solid repair and maintenance plan can help you rest easier. Safeguarding your business-critical machines with Protection Plus® extended warranty is an important part of that strategy. This extended warranty plan from Bobcat allows you to purchase additional protection on the powertrain, powertrain + hydraulics or full machine, and it goes well beyond the scope of the standard Bobcat warranty.

WHAT DOES YOUR EXTENDED WARRANTY PROVIDE?

- **Peace of Mind:** For a small investment, you can protect your Bobcat® machine with additional warranty coverage to minimize your repair costs. If machine issues do occur, you know in advance that you are covered.
- **Risk Management:** By providing a comfortable shield of protection against repairs due to defects in materials or workmanship, an extended warranty greatly decreases your exposure to financial risk.
- **No Deductible:** Your Protection Plus extended warranty policy pays for the cost of any warrantable repair, with no deductible required.
- **Higher Resale Value:** If you sell your machine, any remaining Protection Plus extended warranty coverage can be transferred to the new owner. The extended warranty also tells a prospective buyer that your machine received superior care and maintenance.
- **Backing From Bobcat:** The Protection Plus extended warranty is fully backed by Bobcat to ensure you'll be as confident as we are in our products. It includes factory-backed parts and labor coverage, and it's honored at any authorized Bobcat dealer.
