## WHAT IS THE PROTECTION PLUS PLANNED MAINTENANCE AND EXTENDED WARRANTY BUNDLE?

This Bobcat-backed bundle is a great way to safeguard your business-critical equipment. It is comprised of a full extended warranty and includes all scheduled planned maintenance that follows the Service Schedule in the Operation & Maintenance Manual. You will benefit from increased peace of mind knowing that your equipment is ready to work and covered against defects in material or workmanship. This allows you to focus on running your business. This bundle helps to protect your investment while extending the life of your equipment and is designed to facilitate long-lasting relationships between dealers and customers.

## BENEFITS OF THE PROTECTION PLUS PLANNED MAINTENANCE AND EXTENDED WARRANTY BUNDLE:

- **Peace of mind:** For a small investment you can protect your Bobcat® machine with planned maintenance and additional warranty coverage and minimize repair costs. If a machine issue does occur, you know in advance that it's covered, which allows you to avoid unplanned expenses. It not only gives you an extended sense of security, it also makes good business sense.
- **Increased uptime:** Identifying issues during regular, planned maintenance helps avoid future breakdowns and unscheduled downtime, allowing for better productivity and profitability.
- **Longer machine life:** Regular maintenance is proven to increase the life of the machine.
- **Risk management:** By providing a comfortable shield of protection against repairs due to defects in materials or workmanship, an extended warranty greatly decreases your exposure to financial risk.
- **Predictable expenses:** Helps you predict and plan for ongoing maintenance – including parts, labor and lubricants – to avoid or minimize unexpected expenses.
- **Cost effective:** Notice issues earlier while they require only minor repairs, instead of performing major, time-consuming repairs.
- **No deductible:** Pays for the cost of scheduled maintenance (parts, fluids and labor) and any warrantable repair, all with no deductible required.
- **Transferable to next owner:** If you sell the machine, any remaining Protection Plus® coverage can be transferred to the new owner for a minimal fee, enhancing both the value of the machine and its sales appeal.
- **Higher resale value:** Buyers are likely to perceive a machine with superior care and maintenance records as having added value.
- **Backed by Bobcat:** You have the confidence that Protection Plus coverage is backed by Bobcat Company, with its unequaled 60+ year reputation of providing products known for superior performance and reliability.
- **Honored at any dealership:** Any U.S. or Canadian Bobcat dealership can perform maintenance or repair work on a machine covered by this Protection Plus bundle.
- **Quality parts and technicians:** Factory-trained Bobcat technicians perform the maintenance and warranty work using quality Bobcat parts.
